"As a homeowner, I have struggled with hiring contractors to fix stuff around the house. Never had a good experience with most of them. The best thing about Check A Pro is trust. I'm never worried about the quality of work or being overcharged. I recommend Check A Pro as the one stop shop for homeowners. No need to worry about quality of work or background checks or overcharges."

"So far I have used 3 of the contractors I found on Check A Pro. Each of them did a great job for me. They showed up when scheduled. I'll definitely check this website in the future as I need things handled around my personal home and rental properties."

CHECK A PRO

Connecting Houston Residents to Home Service Providers

(281) 398-PROS (7767) | www.checkapro.com

In 2020 we celebrate our 15th year anniversary serving you, our neighbors since 2005. I would like to thank each and every Check A Pro VIP homeowner for being part of our family and using our exclusive network. This year we enhanced our VIP Membership Program to serve you, the homeowner better than we ever have. Please visit our website at www.checkapro.com to see enhancements such as Reviews, News & Updates and Radio Show Podcasts.

For those of you who are not familiar with our heritage, I will give a brief overview of what Check A Pro is, how we began and what we do. It all goes back to a need I identified back in 2005. The need was simple, create a local resource to find local pre-qualified home service providers in our local community. This need became very apparent while living in Katy, TX. Not only did I need qualified contractors to work on my home but my neighbors did as well. This was the genesis of what was then known as Katy Pros.

In August of 2005 we launched Katy Pros (www.katypros.com) in Katy Texas. Katy Pros was to be the first of 30 local Houston communities to host a Check A Pro location. The Check A Pro brand was established in the Sugar Land market in 2006 with the launch of www.sugarlandpros.com. We now service Cypress, Fulshear, Houston, Magnolia, Memorial, Pearland, Richmond, Spring, The Woodlands, Tomball and many more.

A common question asked of me is "What is the difference between Check A Pro and other online Service Provider products?" My response is always the same, "Do these other online services have a personal relationship with the contractor?" The answer is of course, no. At Check A Pro we report to you, the homeowner not shareholders. I personally know each and every one of the service providers listed on our website and we pre-qualify each provider by checking their Insurance, Licenses and References. Not only do we use a stringent pre-qualification process but we also rely on you the homeowner to write reviews. Reviews are a great way to make a decision while researching our service providers. We use the reviews that homeowners provide to determine whether or not we should keep any

How does Check A Pro pre-qualify?

Check A Pro pre-qualifies by using these strict standards:

- ✓ Liability Insurance Certificate (Certificate of Insurance)
- ✓ Licenses (where required by state law)
- ✓ Homeowner (Customer) References
- ✓ Financial Review
- ✓ One On One Interview with Owner of Service Provider Company

given contractor on our preferred list of service providers.

It has truly been a pleasure serving you for the past 15 years. Check A Pro has become such a part of my identity that a nickname of 'Check A Pro Joe' has been used and has begun to stick. I always invite VIP home-owner members to contact me, 'Check A Pro Joe' directly by either calling me at (281) 398-PROS (7767) or by email at joe@checkapro.com.

Thank you for your confidence in me and our service.

"My first stop is CheckAPro.com. I'm not much of a home improvement guy and always go to the Check A Pro website for repairs around the house. I trust Check A Pro and the fact that all contractors have been vetting by Check A Pro Joe. Actually I often call Check A Pro Joe himself for advise on who to call on the website. I've known Joe personally for the past 10 years. I feel confident in the home service providers at Check A Pro because I know the owner, Jim Klauck (Joe) is dedicated to keeping me safe from lousy contractors."

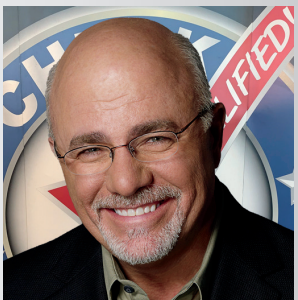

SEBASTIAN GORKA
